

SEATED ROW BENCH

G214

BodyKore's row bench is a quality fitness equipment bench designed for strengthening the upper body using dumbbells or barbells and performing the row movement. Sturdy steel construction with a quality finish is sprayed by electrostatic powder coating that protects the construction from scratches. This free weight bench features quality high cushioning of the seat and chest-rest, allowing users to perform other free weight workouts that include rear delts, isolated bicep curls, and more. This bench is commercial grade and rated to hold over 1000lbs.
