

MX1161FX

UNIVERSAL 1

SINGLE STATION ADJUSTABLE PULLEY SYSTEM

The Universal 1 Single Column Pulley Station is a compact, versatile cable machine designed to maximize training possibilities in minimal space. With 15 height adjustment points and a pivoting pulley, it allows for a full range of motion for upper and lower body exercises. Built with commercial-grade materials, a 2:1 pulley ratio, and smooth, high-tensile aircraft cables, this freestanding unit delivers durability and fluid resistance for serious training.
